

Public Notice: Weekly Lists on our Website

6th December 2017

We are experiencing some technical issues as we implement a new IT system which impacts how we make information available on our website.

The weekly list of cases received is being published currently as a document (a pdf) rather than text on the website. Unfortunately, the website search function cannot search these pdf documents for case details.

However, the pdf lists are searchable. Simply, right click and select 'Find' or alternatively, pressing 'Ctrl' and 'F' allows you to enter search data.

The list is published weekly on Wednesday with cases listed by county.

The website search function is not available for new cases listed in:

- Week ending 27-10-2017
- Week ending 03-11-2017
- Week ending 10-11-2017
- Week ending 17-11-2017
- Week ending 24-11-2017
- Week ending 01-12-2017

We apologise for any inconvenience.
